**Guard 1 Services to Participate in DUG Eagle Ford Event
as Sponsor and Exhibitor**

HOUSTON, TEXAS, September 15, 2014 — Guard 1 Services (guard1services.com) will participate in the DUG Eagle Ford Conference & Exhibition as a keynote sponsor and exhibitor. The event runs September 15-17 at the Henry B. Gonzales Convention Center in San Antonio, Tx.

Guard 1 will sponsor the Tuesday closing keynote by David Banks, BHP Biliton's Eagle Ford general manager, titled "Liquids-Rich, High-Return Assets," and moderated by Steve Toon, senior editor of *Oil and Gas Investor*.

The conference and exhibition will provide a connection to Eagle Ford as a world-class shale play. Guard 1 will participate as an exhibitor to provide a first-hand look at its industry-leading technology —PADPlaybook™ and PADCenter™ — that digitally records and catalogues events and activities, customizes reports and provides real time access to mission-critical data.

About Guard 1 Services

www.guard1services.com

Guard 1 Services provides gate guard and integrated security solutions for the energy industry. Fully licensed and insured, Guard 1 utilizes proprietary technologies to develop customized solutions at an optimum value, executed by highly trained professionals. The mobile platform-based company unequivocally leads the industry in safeguarding people, assets and critical data digitally and efficiently, with a laser focus on onshore drilling and related storage, gathering and processing locations. Through the company's revolutionary PADCenter™ platform, Guard 1 is the first in the industry to implement and continually evolve an electronic data gathering and storage tool in the safety and security space of the onshore energy industry. Guard 1 is fully licensed with the Private Security Bureau under the Texas Department of Public Safety (license C18363) and carries full coverage for key lines of insurance.
